FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Camarillo Health Care District:

We have audited the accompanying financial statements of Camarillo Health Care District as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of Camarillo Health Care District's management. Our responsibility is to express an opinion on these basic financial statements based on our audit. The financial statements of Camarillo Health Care District as of June 30, 2009, were audited by another auditor whose report dated October 2, 2009, expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained *Government Auditing Standards* issued by the Comptroller General of the United States, and State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Camarillo Health Care District as of June 30, 2010 and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 19, 2010, on our consideration of the Camarillo Health Care District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedule of funding progress on pages 4 through 7 and 20 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis
For the year ended June 30, 2010

This discussion and analysis of the Camarillo Health Care District's ("District") financial performance during the stated period, provides an overview of the District's operational activities that had an impact on the financial performance of the District.

This report consists of a series of financial statements with accompanying notes. The Statement of Net Assets reflects the financial position of the District at the end of the period. The Statement of Revenues, Expenses and Changes in Net Assets provide the results from operations through the fiscal year, and reflect how the operating results for the current period affected the Statement of Net Assets.

The District uses a single enterprise fund for accounting and reporting the results of all operations. The statements referenced above include all assets and liabilities using an accrual basis of accounting, which is similar to accounting used by most private-sector companies. Accrual of current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The notes that follow the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

The Financial Status of the District

The District is operated and reported as a single enterprise fund; there are no subsidiary fund statements presented as part of this report. The following is a summary of the net assets of the District and the change in those net assets from the prior fiscal year.

<u>Assets</u>	<u>2010</u>	<u>2009</u>
Current Assets	\$1,627,634	\$1,907,942
Restricted Assets	17,995	21,701
Capital Assets	2,337,688	1,929,191
Total Assets	\$3,983,317	\$3,858,834
<u>Liabilities</u>		
Current Liabilities	\$430,327	\$367,595
<u>Net Assets</u>		
Unrestricted Net Assets	3,552,990	3,491,239
Total Liabilities and Net Assets	\$3,983,317	\$3,858,834

The asset value of the District increased 3.2%, as follows:

- A decrease in current assets of 15% reflects the use of funds for operations and the purchase of capital assets.
- An increase in capital assets of 21% reflects the capital grant of five new vans and capital asset purchases.
- An increase in current liabilities of 17% reflects a decrease in accounts payable offset by an increase in mandated OPEB liabilities.

<u>Operating Revenues</u>	<u>2010</u>	<u>2009</u>
Program Revenues	\$1,032,817	\$1,026,550
Operating Grants	200,009	659,146
Other Operating Revenue	10,992	14,938
Total Operating Revenues	\$1,243,818	\$1,700,634
<u>Non-Operating Revenues</u>		
Property Taxes	\$2,152,561	\$2,159,553
Bequest Distribution	52,609	127,589
Investment Income	11,129	31,631
Other Non-Operating Revenue	8,411	15,549
Loss on Sale of Equipment	(5,864)	(2,448)
Total Non-Operating Revenues	\$2,218,846	\$2,331,874
<u>Capital Grants and Contributions</u>	<u>\$ 295,903</u>	<u>\$101,046</u>
<u>Program Expenses</u>		
Salaries, wages & benefits	\$2,044,897	\$2,021,594
Professional fees	408,047	532,182
Depreciation	253,764	233,916
Combined other	438,804	571,461
Total Program Expenses	\$3,145,512	\$3,359,153
<u>Administration Expenses</u>	<u>\$ 551,304</u>	<u>\$ 492,665</u>

- Total Operating Revenues reflect a reduction of 26.9%, from the prior year. The prior year included a pass through grant of \$469,722 for the Pleasant Valley Neighborhood for Learning (PVNfL); nevertheless, the net administrative income recognized from administering this program was \$31,890.
- Non-Operating Revenues have decreased by 4.8%, primarily due to a reduction in the bequest distribution received from VCCF.
- Capital Grants and Contributions increased 192.8%. Typically, capital grants and contributions are one-time funding sources for the purchase of capital assets. In fiscal year 2010, the District received \$255,903 for the purchase of five new transportation vehicles and \$40,000 for the development of the Wellness & Caregiver Center of Ventura County.
- Total Program Expenses decreased by 6.4% from reduced expenses for the PVNfL operation offset, by increased expense required to implement GASB 45, to accrue for annuitant health benefits and necessary adjustments.
- Administration Expenses have increased 11.9%, due to compliance with mandated benefits.

Actual Results Compared to Budget

The Board of Directors adopts an annual budget in June for the following fiscal year, beginning on July 1. Performance to budget is monitored by the Board throughout the year. Following is a summary of actual results in comparison to budget.

	<u>Actual</u>	<u>Budget</u>
Total Operating Revenues	\$ 1,243,818	\$ 1,224,270
Less: Operating Expenses		
Salaries & Benefits	(2,351,547)	(2,183,245)
<u>Program & Admin. Expenses</u>	<u>(1,091,520)</u>	<u>(1,119,001)</u>
Net Operating Loss	(\$2,199,234)	(\$2,077,976)
Non-Operating Revenues		
Property Taxes	\$2,152,561	\$2,191,933
Capital Grant Income	295,903	40,000
Legacies & Bequests	52,609	52,609
Investment Income	11,129	30,000
Other Non-Operating Revenue	8,411	7,226
<u>Loss Sale of Equipment</u>	<u>(5,864)</u>	<u>0</u>
Total Non-Operating Revenues	\$2,514,749	\$2,321,768
<u>Less Depreciation</u>	<u>(\$253,764)</u>	<u>(\$207,556)</u>
Change in Net Assets	\$61,751	\$ 36,236

Requests for information:

This report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report should be addressed to the Chief Financial Officer, Camarillo Health Care District, 3639 East Las Posas Road, Suite 117, Camarillo, CA 93010.

CAMARILLO HEALTH CARE DISTRICT

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization – Camarillo Health Care District (District) is a political subdivision of the State of California, classified as a public not-for-profit local government special district. The District encompasses the greater Camarillo area which includes Somis, the Las Posas Valley and a portion of the Santa Rosa Valley. The District's overall goal is to provide quality health and wellness related services to meet the needs of all District residents. The District's five-member Board of Directors comprises representatives who are elected at large and serve four year terms.

Reporting Entity – The District's reporting entity includes all significant operation and revenue sources which the District Board of Directors exercises oversight responsibility determined under the criteria established by the National Council on Governmental Accounting Statement No. 3, as adopted by the Financial Accounting Standards Board (FASB). Oversight responsibility is determined on the basis of selection of the governing board, designation of management, ability to significantly influence operations, accountability for fiscal matters, and the scope of public service. There are no component units included within the reporting unit.

Basis of Accounting – The Camarillo Health Care District is accounted for as a proprietary fund in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. Proprietary funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the expenses, including depreciation, of providing goods or services to the general public are recovered through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and net income is appropriate for capital maintenance, public policy, management control, and other purposes. Because the Camarillo Health Care District is accounted for as a proprietary fund, the District uses the economic resources measurement focus and the accrual basis of accounting for financial statement reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred. The District applies all Governmental Accounting Standards Board (GASB) pronouncements as well as the FASB pronouncements issued on or before November 30, 1989, unless these pronouncements conflict or contradict GASB pronouncements. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the Statement of Net Assets. The net assets are segregated into invested in capital and unrestricted net assets.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing goods and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District are program fees charged to clients for services and grants received from other governmental agencies and private enterprises for operating purposes. Operating expenses include the cost of providing services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Principles of Presentation – The accompanying financial statements are presented utilizing the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates and assumptions used in the financial statements include depreciation expense and the accrual for compensated absences.

Cash and Cash Equivalents – For the purpose of the Statements of Cash Flows, the District considers all highly liquid investments with original maturities of 90 days or less to be cash and cash equivalents. The District considers funds in the Local Agency Investment Fund and the Ventura County Treasury Fund to be cash equivalents.

Investments – Investments are carried at fair value.

The District's Investment Policy authorizes investments in obligations of the U. S. Treasury and U. S. Agencies, certificates of deposit, money market checking accounts, the Local Agency Investment Fund and the Ventura County Treasury Fund.

Capital Assets – The District capitalizes assets with a cost greater than \$1,000 and an estimated useful life greater than one year at cost. Depreciation is calculated using the straight-line or accelerated methods of depreciation over the estimated useful lives of the assets ranging from one to thirty years.

Compensated Absences – The District accrues the estimated obligation for vacation pay as earned. Sick leave is not included in the accrual as the District does not pay for unused sick leave upon employee termination.

Budgets – The District annually adopts a budget prior to and for the upcoming fiscal year, which includes anticipated expenditures and their means of financing. Once adopted, the budget as approved is subject to amendment as considered necessary.

Property Taxes – Tax revenues are received by the District pursuant to its status as a political subdivision of the State of California.

Subsequent Events - The Commission has evaluated subsequent events through October 19, 2010, the date which the financial statements were available to be issued.

Reclassifications – Certain reclassifications have been made to the 2009 financial statements to conform to the presentation in the 2010 financial statements. The reclassifications have no effect on net assets or the change in net assets as of June 30, 2010 and 2009 or for the years then ended.

2. DEPOSITS AND INVESTMENTS

The District's carrying value of deposits was \$527,002 and \$309,355 at June 30, 2010 and 2009, respectively. The corresponding bank balance was \$636,325 and \$364,264, respectively. The deposits were fully covered by Federal deposit insurance at June 30, 2010 and 2009. The California Government Code requires all financial institutions to secure a local government agency's deposits by pledging governmental securities as collateral. The market value of pledged securities must equal 110% of an agency's deposits. California law also allows financial institutions to secure an agency's deposits by pledging first trust deed mortgage notes having a value of 150% of an agency's total deposits, and collateral is considered to be held in the name of the District. All cash held by financial institutions is, therefore, entirely insured or collateralized.

At June 30, 2010, the District had the following investments (all of which are considered cash equivalents):

	<u>Fair Value</u>	<u>Carrying Value</u>
State of California Local Agency Investment Fund	\$ 178,530	\$ 178,530
Ventura County Treasury Investment Fund	<u>728,632</u>	<u>728,632</u>
Total	<u>\$ 907,162</u>	<u>\$ 907,162</u>

The State of California Local Agency Investment Fund (LAIF) is an external investment pool. LAIF operates in accordance with appropriate state laws and is an unrated pool. The share value of the District's investment in LAIF is \$178,237.

The County of Ventura Treasurer maintains a cash investment pool for all funds of the County and other agencies for which the County treasury is the depository. Interest earned on the pooled funds is allocated and credited to these funds quarterly. Interest is apportioned to the District based on the average daily balances on deposit with the County Treasurer. Investment earnings are accrued at year-end. The County Treasurer invests District funds in accordance with the County's investment policy as approved by the Treasury Oversight Committee and the County Board of Supervisors. The policy emphasizes safety, liquidity, and yield and follows the "prudent investor rule". The County Treasurer is authorized by Government Code Section to invest in U.S. Government Treasury and Agency Securities, certain commercial paper, bankers' acceptances, corporate bonds and notes, repurchase agreements and the State of California Local Agency Investment Fund. The fair value of the District's investment in the pool approximates cost.

To address credit risk, the District invests its funds in accordance with state statutes and the District's investment policy. The criteria for selecting investments are, in order of priority, (1) safety – consideration of the potential loss of principal or interest, (2) liquidity – the ability to have funds available at any moment in time with a minimal potential loss and (3) yield – the optimum rate of return while preserving capital.

Restricted assets of \$17,995 as of June 30, 2010, are amounts received that are designated for program scholarship awards.

3. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2010 was as follows:

	<u>June 30, 2009</u>	<u>Increases</u>	<u>Decreases</u>	<u>June 30, 2010</u>
Buildings and building improvements	\$ 2,389,063	\$ 243,461	\$ (750)	\$ 2,631,774
Lifeline units	691,122	102,432	(60,191)	733,363
IS equipment	298,587	31,402	(7,983)	322,006

4. PENSION PLAN

Plan Description – The District contributes to the California Public Employees Retirement System (CalPERS), a cost sharing multiple-employer defined benefit pension plan. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by State statute and District ordinance. Copies of CalPERS' annual financial report may be obtained from its Executive Office, 400 P Street, Sacramento, California 95814.

Funding Policy – Participants are required to contribute 7% of their annual covered salary. Generally, the District makes the contributions required of District employees on their behalf and for their account. The District is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members. The actuarial methods and assumptions used are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal 2009-2010 was 7.771% and the employee portion withheld was 7%. The contribution requirements of plan members and the District are established and may be amended by CalPERS.

Annual Pension Cost – For fiscal year 2009-2010, the District's annual pension cost of \$111,094 for CalPERS was equal to the District's required and actual contributions. The required contribution was determined as part of the June 30, 2007 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions include (a) 7.75% investment rate of return (net of administrative expenses), (b) projected annual salary increases of 3.25% to 14.45% depending on age, service and type of employment, (c) 3.25% per year cost-of-living adjustments, and (d) 3.0% inflation. The actuarial value of PERS was determined using techniques that smooth the effects of short-term volatility in the market value or investments over a fifteen year period (smoothed market value). CalPERS unfunded actuarial accrued liability is being amortized at a level percentage of projected payroll on a closed basis. The remaining amortization period at June 30, 2007, was 5 years.

Three-Year Trend Information for CalPERS:

Fiscal Year	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6/30/2008	\$ 103,300	100%	\$ -
6/30/2009	\$ 104,108	100%	\$ -
6/30/2010	\$ 111,094	100%	\$ -

5. OTHER POST EMPLOYMENT BENEFITS

Plan Description – The District administers a single-employer defined benefit healthcare plan (Plan). The Plan provides lifetime post-employment medical insurance to eligible retirees and their spouses through the California Public Employees Retirement System. Annually, the District establishes a maximum monthly premium that the District will contribute to the cost of current-year medical insurance premiums. For calendar years 2010 and 2009, the maximum monthly contribution by the District was \$790 per retiree. The Plan does not issue a publicly available financial report. The District implemented GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, during the year ended June 30, 2010 on a prospective basis.

Funding Policy – The District’s annual other post employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The District funds the plan on a pay-as-you-go basis and has recognized a liability for the difference between pay-as-you-go and the actuarially determined ARC cost. The District will pay 100% of the cost of the post-employment benefit plan.

Annual OPEB Cost and Net OPEB Obligation – The following table shows the components of the District’s annual OPEB expense for the year ended June 30, 2010, the amount actually contributed to the Plan, and the changes in the District’s net OPEB obligation:

Annual OPEB expense:	
Annual required contribution (ARC)	\$124,644
Payments	<u>(8,267)</u>
Total annual OPEB expense	116,377
OPEB payable – beginning of year	<u>0</u>
OPEB payable – end of year	<u>\$116,377</u>

Funded Status – The funded status of the Plan as of April 1, 2010, the most recent actuarial valuation date, was as follows:

Actuarial accrued liability	\$ 1,029,700
Actuarial value of plan assets	-
Unfunded actuarial accrued liability	<u>\$ 1,029,700</u>
Funded ratio	0%
Covered payroll	\$ 1,436,477
Unfunded actuarial accrued liability as a percentage of covered payroll	71.68%

Actuarial Methods and Assumptions – Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and the pattern of sharing of costs between the employer and plan members to that point. Consistent with the long-term perspective of actuarial calculations, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities for benefits.

The following is a summary of the actuarial assumptions and methods:

Valuation date	April 1, 2010 rolled back to July 1, 2009
Actuarial cost method	Entry age normal cost method
Amortization method	Level percent of payroll amortization
Remaining amortization period	30 Years as of the valuation date
Asset valuation method	15 Year smoothed market
Actuarial assumptions:	
Investment rate of return	5%
Projected salary increase	3%
Inflation – discount rate	4%

6. RISK MANAGEMENT

The District is exposed to potential losses from claims arising from its business operation; torts; theft; errors and omissions; injuries to employees; and natural disasters. The District maintains insurance coverage through independent carriers for property and equipment and employee dishonesty. There have been no significant reductions in insured coverage.

The District participates in the workers' compensation program organized by the Association of California Hospital Districts, Inc., ALPHA Fund Joint Powers Agreement (ALPHA). ALPHA is a Joint Powers Authority (JPA) which is comprised of 41 participants organized pursuant to the California Government Code. The purpose of the JPA is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage; whereby the risk of loss is mitigated by the public entity pool. ALPHA currently has \$1,000,000 of workers' compensation coverage. The JPA is not a component unit of the District for financial purposes, as explained below.

ALPHA provides workers' compensation insurance for the District. Periodic deposits paid by each participant for the workers' compensation joint protection are computed based on independent actuarial computations taking into account factors such as the participants' number of employees, types of employees, annual budget, all relevant loss experience and rates established through the California Inspection Ratings Bureau. The Fund may assess the participants in order to eliminate any deficiency in the fund balance of the Fund.

Under the terms of the JPA, withdrawing or terminated member districts owe their pro-rata share of the fund deficiency. A withdrawing or terminated member district's pro-rata share contributions are based on its total contributions during its membership in the Fund as a percentage of the total contributions by all member districts during the same period.

The District also participates in the Beta Healthcare Group Joint Powers Agreement (BETA). BETA is a Joint Powers Authority (JPA) which is comprised of local health care districts, counties, other governmental entities and qualified nonprofits which operate hospitals, clinics and other health-related facilities and is organized pursuant to the California Government Code. The purpose of the JPA is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage; whereby the risk of loss is mitigated by the public entity pool. BETA currently has \$5,000,000 of auto liability, \$5,000,000 of comprehensive liability and \$1,000,000 of directors, officers and trustee liability coverage.

BETA provides automobile, comprehensive liability and directors' and officers' liability insurance for the District. Periodic deposits paid by each participant for the insurance joint protection are computed based on individual coverage contracts.

7. DISTRIBUTION FROM VENTURA COUNTY COMMUNITY FOUNDATION

In 2006, the District was named as a beneficiary recipient of a permanent endowment now managed by the Ventura County Community Foundation (VCCF). The District has a current beneficial interest of 100%. However, VCCF has variance power which allows the Foundation to modify the donor's stipulations under certain rare circumstances and as the Foundation monitors the changing needs of the community. Each year, VCCF distributes a portion of the earnings based on its distribution policies, which are subject to change based on VCCF's investment management performance. The amounts received in 2010 and 2009, were \$52,609 and \$127,589 respectively. The distribution amounts are to be used only for the Care-a-Van service in Camarillo. At June 30, 2010, the market value of the fund held by VCCF on behalf of the District was \$2,424,615.

8. GRANTS

The District is the recipient of grants from government agencies and the private sector. The grants received for the year ended June 30, 2010 are:

Funding Source	Program	Purpose	Amount
Ventura County Area Agency on Aging (VCAAA)	Adult Day Care	Program operations	\$ 40,000
Ventura County Area Agency on Aging (VCAAA)	Senior Nutrition	Program operations	82,259
Ventura County Area Agency on Aging (VCAAA)	Wellness & Caregiver Center	Develop Center	40,000
Ventura County Transportation Commission (VCTC)	ADA transport	Program operations	61,500
Ventura County Transportation Commission (VCTC)	Care-A-Van	Five new vans	255,903
Kaiser Foundation Hospitals	Care consultation	Program operations	15,000
Kaiser Foundation Hospitals	Wellness & Caregiver Center	Program operations	1,250
Total Grant Funds			<u>\$ 495,912</u>

OTHER REPORT

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Board of Directors of
Camarillo Health Care District:

We have audited the financial statements of Camarillo Health Care District (District) as of and for the year ended June 30, 2010, and have issued our report thereon dated October 19, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Directors, others within the entity, and is not intended to be and should not be used by anyone other than these specified parties.
